

Dear Conservatory Community,

I know that many of you will have concerns regarding the MCPA position and how this affects our Conservatory Community during this stressful time. Please know that we are doing everything we can to limit the impact of COVID-19.

Because we value the well-being of our faculty, clients, staff, and those in our community, **the Conservatory will suspend all gatherings, classes, practices, and programming from March 17 until April 6, 2020.** Due to the two week suspension, the end of term date will be extended into June to make up for the suspension, and that further reassessments will be made in the coming weeks as the situation continues to evolve.

We are also closing the building on weekends and reducing weekday hours by closing at 5:30pm throughout this period, beginning today.

Please contact us at 902-423-6995, if you have any questions.

Sincerely,

D. Mark Laing

Board Chair, MCPA
